

Call for Papers

International Network Optimisation Conference (INOC) 2024

Submission deadline: Saturday, 31 August 2024

Following the INOC 2024 conference in University College Dublin, Ireland, the European Network Optimisation Group (ENOG) invites members of the network optimisation community to submit their full papers for consideration in a special issue of the Networks journal published by Wiley.

Full paper versions of extended abstracts presented at INOC 2024 are welcome, as are papers from the wider networks optimisation community. Note, submissions must be substantially different to full papers published in the INOC 2024 post conference proceedings (Proceedings of the 11.th International Network Optimization Conference (INOC) (https://openproceedings.org/html/pages/2024_inoc.html)), the paper must include a valuable contribution beyond that in the INOC 2024 conference paper.

Submitted papers must be original, unpublished and not currently under consideration for publication elsewhere. All papers will undergo the standard peer review procedures at Networks and will be published online as soon as they are accepted.

Topics for the conference include but are not restricted to:

- Network Optimization
- Areas of Mathematical Optimization
- Operations Research
- Graph Theory
- Application-oriented network optimization from areas like Telecommunications, Routing, Smart Grids, and Logistics are most welcome

Guest Editors:

Luis Gouveia, University of Lisbon, Portugal, legouveia@ciencias.ulisboa.pt

Paula Carroll, University College Dublin, Ireland, paula.carroll@ucd.ie

Deepak Ajwani, University College Dublin, Ireland, deepak.ajwani@ucd.ie

Submission Guidelines/Instructions

Please refer to the [Author Guidelines](#) to prepare your manuscript. When submitting your manuscript, please answer the question: "Is this submission for a special issue?" by selecting the special issue title from the drop-down list.
